Element value_set

Diagram	<p>The diagram shows a container element <code>value_set</code> (blue rounded rectangle) with a yellow circle containing a plus sign. It has three children: <code>min_cardinality</code> (blue rounded rectangle, Type <code>xs:nonNegativeInteger</code>), <code>max_cardinality</code> (blue rounded rectangle, Type <code>xs:positiveInteger</code>), and <code>value</code> (blue rounded rectangle, Type <code>xs:string</code>, 1..∞). The children are connected to the container by lines, and the <code>value</code> child has a "1..∞" cardinality label.</p>
